

Sports Premium Grant Expenditure

Report to governors: Planned spending for 2014/15

Overview of the school 2014/15

Total amount received:	
Total number of pupils on roll	235
Total amount received	£9175
Amount spent	£14,443

PE and sport premium for primary schools

The government are spending over £450 million on improving physical education (PE) and sport in primary schools over the 3 academic years 2013 to 2014, 2014 to 2015 and 2015 to 2016. They will allocate this extra funding directly to primary Headteachers.

Schools can choose how they use the funding, for example to:

- hire specialist PE teachers or qualified sports coaches to work with primary teachers during PE lessons
- support and involve the least active children by running after-school sports clubs and holiday clubs
- provide resources and training courses in PE and sport for teachers
- run sport competitions or increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Accountability

Since September 2013, [Ofsted inspections](#) report on PE and sport provision and on how schools will spend their additional funding.

We also have to account how we have spent our PE and sports grant by publishing details on our website.

The Sports Premium allocation for the year 2014/15 was **£9175**.

This allocation has been utilised in the following activities:

- Working alongside teachers to improve the delivery of PE across the school through use of curriculum specialist support in the following areas:
Curriculum Dance (£1768)
Extending Swimming opportunity in Yr3 & 5 (£2733)
Tennis (£324)
'Wake up Shake up (£1118)

This has enabled us to ensure that the delivery of PE lessons is at least good in all year groups.

Impact

Dance/'Wake up, shake up'

100% of children have taken part in dance sessions and have performed in front of an audience.

Swimming

37% of Yr4 children can swim 10 metres or more on front or back.

Tennis

25% of the academy has taken part in tennis coaching sessions at Tipton Sports Academy (LTA Centre of Excellence). 13% of the pupils have gone on to attend further coaching sessions at Tipton Sports Academy outside of the school day.

Overall cost £5,943

- All lunch time supervisors to engage pupils in actively supporting lunchtime activities. This is achieved by providing West Bromwich Albion Lunchtime support to improve the structure and variety of practical lunch activities for pupils. Continual support and assistance is then provided for the lunch support staff in order to raise confidence. This has increased the amount of physical activity for all pupils during the day.

Impact

100% of children have the opportunity to take part in organised competitive football at dinnertime.

Overall cost £4,872

- The number of after academy clubs has now increased. This gives more pupils the opportunity to take part in physical sporting clubs each week. The clubs are subsidised by the academy to allow access of all children.

Impact

54% of the academy has taken part in at least one after school sporting club, run by local sporting clubs, this year.

Overall cost £400

- Cycling sessions including 'Bike ability' has been extended to Yr4 as well as the usual sessions with Yr6. This has meant that the very large majority of the academy can ride a bike competently and safely in a variety of different environments and are developing a wide range of bike handling skills.

Impact

50% of the academy has taken part in and gained 'Bike ability' level 1 (Yr4) & level 2 (Yr6)

Yr4 – 4 sessions at £269=£1,076 (Staff release)

Yr6 – 8 sessions at £269=£2,152 (Staff release)

Overall cost £3,228

These four dimensions combined are providing a range of support mechanisms to broaden pupil engagement and develop academic achievement.

Future projects:

- To set up inter competitions across all the Tipton schools. This will support the development of our pupils in engaging in sporting competitions outside of school.
