Your Ref:

Dear Parent/Carer

We have recently been informed, that whilst at home, pupils playing on their on-line gaming platforms (such as Xbox live and PlayStation Plus etc.) have been accepting friend requests to join in games from people they don't know.

Although these individuals say they are children, **some have proved to be adults.**

Please take the time to reinforce the Academy's advice to your child:

'Only accept friend requests from people that you actually know'.

We also urge you to check the privacy settings on your child's accounts so that they are correctly set at the highest levels for their on-line safety.

Also we would recommend that you go through their friends lists with them, deleting and blocking any users that your child does not know personally.

Lastly we would advise that you ensure that your child plays on 'age appropriate' games only by checking the PEGI rating. This can be done easily using your chosen search engine, such as Google.

Yours sincerely

Mr AG Hollyhead
