Dear Parent/Carer/Children,

Everyone at Ocker Hill Academy hopes that you are all keeping well. During such challenging times, it has certainly been inspiring to see so many people staying positive and making a difference. Colonel Tom Moore has shown the world what a huge difference an individual can make to the national effort from the confines of their own home.

To say thank you for the wonderfully brave work of our NHS, we would like to invite our pupils to take part in our own fundraising event: The Ocker Hill Academy 2.6 challenge. We are asking the children to use their imagination to design their own sponsored event in order to raise money for the NHS. The only rules of the event must be that the challenge either involves the numbers 2.6 or 26 (please see attached sheet for ideas) and of course is safe and complies with current social distancing regulations.

The challenge is non-compulsory and can be completed without sponsorship. However, any donations of sponsorship can be sent directly to our Just Giving page at: <https://www.justgiving.com/fundraising/ocker-hill-academy-2-6-challenge1> or load up the Just Giving website and type 'Ocker Hill Academy' into the search bar at the top of the page. The link will take you directly to our page.

All monies raised will be sent directly to the NHS.

If you are happy to share photos/videos/stories of the children taking part in their challenges on our Twitter account, please send the documents, via email, to office@ockerhill.academy so that we can share the children's success stories.

We are missing you all and very much hope to see you soon.

Above all, please look after each other and stay safe and well.

Yours sincerely,

Mr Joe Farmer
Vice Principal
